

MLB-EL90DDA W/RGBW | PATHWAY & AREA LIGHTING

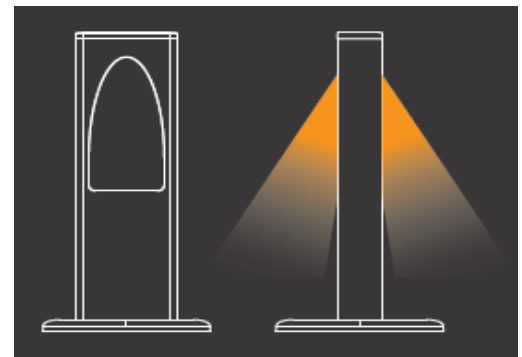

Double-sided Arch Illumination

The **MLB-EL90DDA** is a cutting-edge retractable light for pathway and area lighting, distinguished by its **Double-sided Arch Illumination**. This model merges sophisticated static white light (controllable via 4 brightness levels) with full **RGBW dynamic color capability** (controlled by pre-set programs). This allows designers to create both elegant white lighting and vibrant color scenes for special events. Delivering illumination from a fixed 12" raised height, it maintains the series' core feature by seamlessly retracting into the ground during the day. Longevity is ensured by its durable construction and **two-layer finish of Anodizing and a weather-resistant powder coat**. The EL90DDA is a durable, versatile, and dramatically impactful lighting solution.

Key Features:

- **Innovative Retractable Design:** Retracts into the ground when not in use.
- **Unique Illumination:** Features **Double-sided Arch Illumination**.
- **Ultimate Durability:** Anodizing & weather-resistant powder coat finish.
- **Dynamic Control:** RGBW with pre-set lighting programs.
- **Precision Control (Static White):** 4 adjustable brightness levels.

Product Specifications:

Model	MLB-EL90DDA W/RGBW
Application	Pathway Lighting, Area Lighting
Illumination options	Double-sided Arch Illumination
Raised Height	12"
Dimensions	1.6"x3.5"
Wattage Options	2.5W
Input Voltage	AC10-18V
Control	Static white - 4 brightness levels available for adjustment RGBW - Pre-set lighting programs
Beam Angle Options	120°
Color Options	Static white :2700K / 3000K / 4000K / 5000K <i>*The light consumes a maximum of 12W while rising</i>
Material	Extruded aluminum housing , Stainless steel top Two-layer finish of Anodizing and a weather-resistant powder coat
Lens	Tempered glass
Waterproof Rating	IP67
Impact Rating	IK10
Certifications	UL 1838, UL8750, CS C22.2 NO.250.7
