

MLB-EL70DR | PATHWAY & AREA LIGHTING

360° Illumination

The **MLB-EL70DR** is a specialized square bollard light for modern landscape designs, offering powerful, all-encompassing **360° light distribution**. It utilizes a **frosted lens** to ensure the illumination is soft, inviting, and free of harsh glare across pathways and areas. This retractable fixture masterfully rises to one of three heights (6"/12"/24") at night, and completely disappears into the ground by day, preserving the landscape's clean lines. Precision lighting is provided through **4 adjustable brightness levels** and multiple CCT options. The exceptional durability for any climate is guaranteed by the robust construction and **two-layer finish of Anodizing and a weather-resistant powder coat**. The EL70DR is a discrete, durable, and aesthetically distinct solution for omnidirectional lighting.

Key Features:

- **Innovative Retractable Design:** Disappears completely into the ground when not in use.
- **Unique Form Factor:** Square bollard with 360° light distribution.
- **Ultimate Durability:** Anodizing & weather-resistant powder coat finish.
- **Soft Illumination:** Uses a frosted lens for soft illumination.
- **Precision Control:** Features 4 adjustable brightness levels.

Product Specifications:

Model	MLB-EL70DR
Application	Pathway Lighting, Area Lighting
Illumination	360° Illumination
Raised Height	6"/12"/24"
Dimensions	2.8"x2.8"
Wattage Options	5W/8W
Input Voltage	AC10-18V
Control	4 brightness levels available for adjustment
Beam Angle Options	30°, 30°x60°, 60°, 90°
CCT Options	2700K / 3000K / 4000K / 5000K <i>*The light consumes a maximum of 12W while rising</i>
Material	Extruded aluminum housing , Stainless steel top Two-layer finish of Anodizing and a weather-resistant powder coat
Lens	Frosted lens for soft illumination
Waterproof Rating	IP67
Impact Rating	IK10
Certifications	UL 1838, UL8750, CS C22.2 NO.250.7
