

MLB-EL70D | PATHWAY & AREA LIGHTING

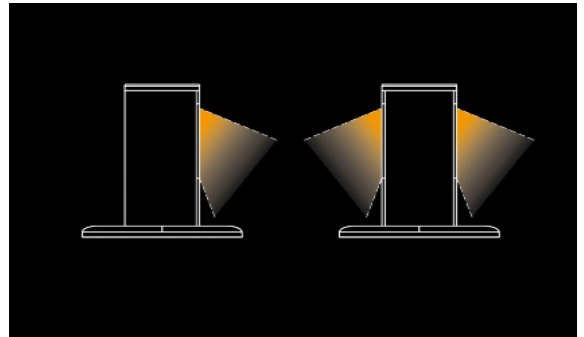

Double/single-sided Illumination

The **MLB-EL70D** is the versatile solution for pathways and open areas, defined by its signature retractable function to keep your landscape pristine during the day. This model offers key flexibility with options for **single or dual-sided illumination** and three fully raised heights (6"/12"/24"), allowing designers to perfectly balance light distribution and intensity for any path. Precision is achieved through 4 brightness levels and multiple CCT options. Constructed with a robust aluminum housing and stainless steel top, its exceptional longevity is ensured by a **two-layer finish: Anodizing and a weather-resistant powder coat**. The MLB-EL70D is a durable, subtle, and highly customizable lighting tool.

Key Features:

- **Innovative Retractable Design:** Disappears completely into the ground when not in use.
- **Illumination Versatility:** Choose between **Single or Dual-sided Illumination**.
- **Ultimate Durability:** Anodizing & weather-resistant powder coat finish.
- **Precision Control:** Features **4 adjustable brightness levels**.

Product Specifications:

Model	MLB-EL70D
Application	Pathway Lighting, Area Lighting
Illumination options	Single or Dual Side Illumination
Raised Height	6"/12"/24"
Dimensions	2.8"x2.8"
Wattage Options	2.5W/5W
Input Voltage	AC10-18V
Control	4 brightness levels available for adjustment
Beam Angle Options	30°, 30°x60°, 60°, 90°
CCT Options	2700K / 3000K / 4000K / 5000K <i>*The light consumes a maximum of 12W while rising</i>
Material	Extruded aluminum housing , Stainless steel top Two-layer finish of Anodizing and a weather-resistant powder coat
Lens	Tempered glass
Waterproof Rating	IP67
Impact Rating	IK10
Certifications	UL 1838, UL8750, CS C22.2 NO.250.7
