

HB30 Mounting

Extrusions, Extended Arms, Louvers

For use with our HB30 series fixtures for applications between 1 and 12 feet.

APPLICATION

Designed to illuminate signage, facades, monuments and more.

The Extrusion package allows you to easily mount your HB30 fixture in an architectural powder-coated extrusion with your choice of mounting arms or ground post stakes. Standard finishes available. Fixtures are able to be mounted as a stand-alone fixture or in a seamless row. Wires connect from the fixture through the extended arm into the junction box. The wall mounted box has knock outs on all four sides as well as through the back. Row mounted fixtures are wired end to end. The housing angle is adjustable on the extended arms. Louvers are available as an option to reduce glare.

FEATURES

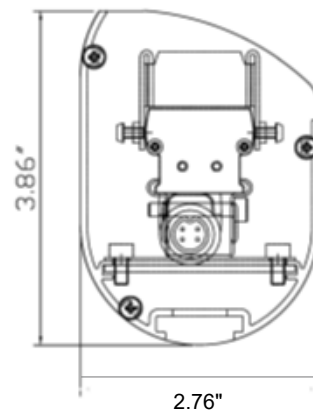

- Extruded aluminum housing with stainless steel hardware
- Black or Bronze Powder-coat finish standard - RAL custom colors available
- Extended arms 6", 12", 18", 24" or 36"
- Ground post mounting
- No visible wires or mounting hardware
- Integrated Glare Shield and optional Louvers
- Stand-alone or Row mounted
- Adjustable housing with calibrated system for precise angle up to 25°+/-
- Mounted direct or indirect, horizontally or vertically

WARRANTY

Our fixtures are backed by a 5-year limited warranty.
