 General Lighting

Meet The Smart Lighting Company HB3014 Series — economical, high-performance lighting in a compact form able to support run lengths of up to 300 feet and illumination heights over 15 feet. These linear fixtures are ingeniously designed to fit into the tightest of spaces, providing uniform, high-quality light courtesy of Nichia bin-sorted LEDs. The series boasts an extensive range of customizable features, from fixture output and length to color temperature and optical lenses, all available in various mounting options and finishes. An integrated universal power supply, coupled with full thermal management and a plug and play cable system, ensures installation is straightforward and efficient. The HB3014 also offers an assortment of accessories, like powder-coated housings with an integral glare shield, to enhance functionality. Ideal for precise grazing, impactful wall-washing, and vibrant sign lighting, this series adapts to your lighting needs without compromise.
