

The Smart Lighting Company has over 27 years of LED fixture design and manufacturing experience.

Our fixtures combine precise advanced optics, low running temperature, and long life, making us a top choice for Architects, Engineers, and Lighting Specifiers.

We offer architectural lighting solutions for Commercial and Residential applications ideal for Cove, Accent, Grazing, Washing, and Flood illumination.

- ✓ **Precision Optics**
- ✓ **Thermal Management**
- ✓ **Plug & Play**
- ✓ **IP66 – Wet location**

A QUICK GUIDE TO ARCHITECTURAL LIGHTING

Commercial Exterior LED Solutions

Meet our most popular high-performance linear LED fixtures. All are rated for wet locations and available in static white, RGB, and RGBW.

High-performance exterior with full illumination up to 12 ft.

Featuring our HB3014 Flat lens providing 4.5w/ft - 458lm/ft

HB3014

The HB30 Series is an architectural LED linear designed for exterior applications. This luminaire is available in four lengths and static colors, RGB and RGBW, making it perfect for Grazing, Washing, Accent, Flood, and Cove illumination.
